INSTRUCTIONS FOR PLANTING PEONIES

If you are ready to plant your Peonies when they arrive, wash off all packing material and drop the roots into water. Just before planting, remove the labels so the wire will not cut the roots. Dig a hole 2 feet in diameter and from 1 to 1½ feet deep. Place the Peony root in the hole so the eyes on the root are 2 inches below the level of the ground. It may be necessary to place more soil back into the hole in order not to have the eyes more than 2 inches below the level of the ground. Be sure the soil is tramped down well so it will not settle any more. Hold the division erect in the center of the hole with one hand, with the other draw in the soil and pack it firmly about the root so that just the eyes show. Give the root a pail of water and then fill in the balance of the hole and firm the soil tightly. Just as soon as the Peony appears above the ground, begin to cultivate at least twice each week until August 1st. By keeping the soil loose during the first growing season, there should be no loss.

HARDY LILIES

- RESURRECTION LILY For outdoor planting - Amaryllis Hallii. Produces in early spring attractive green foliage which grows until May, when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later, as if by magic, the flower stalks spring from the ground to a height of two or three feet, developing an umbel of large and beautiful lily-shaped flowers three to four inches across and from eight to twelve in number, of a delicate lilac-pink shaded with clear blue - - - - - Each .75
- UMBELLATUM ERECTUM - Called the candlestick lily. A splendid variety of cup-shaped, bright red upright flower shaded orange. June and July. 2 to 3 feet - - - - - Each .40
- TIGER LILY Double. Easiest of all lilies to grow. Hardies and longest lived. Rich scarlet-orange, glossy black spots. Large bulbs - - - - - Each .40
Second size - - - - - Each .30

BLEEDING HEART

- BLEEDING HEART (*Dicentra spectabilis*)
This is one of the old-time flowers from Grandmother's garden, of which we will never tire. The flowers which are red and white heart shaped come in long, graceful racemes. Dainty foliage. Valuable for planting in shade or sun. 2 1/2 feet tall and blooms in May
Each 1.00 or 3 for 2.75

We wish to announce that we have acquired the collection of the Lawrence Nursery, of Elmhurst, Illinois.

To their old friends we say you can expect the same high quality peonies as heretofore. We wish to state that due to the extensive replantings we are unable to offer large quantities this year.

Our rich tilled black loam in the Illinois corn belt is ideal for peony culture.

All peonies double unless otherwise noted.

As to the rating 10.0 is perfection. The highest rated red is 9.2 therefore reds rating above 8.0 are tops. Carmine reds and pinks are high rated at 8.0. Japanese and singles, as a rule are not high rated. Peonies like humans, grow tall or short, stout or thin, but all listed herein are beautiful and will add to the joy of living.

We specialize in clean high grade peony plants and with two exceptions carry only peonies that rate 8.0 points or over.

Peony prices are for standard 3 to 5 eye divisions per each.

All prices include delivery by Parcel Post prepaid. No charge for packing.
